

SORI Vehicle Donation Program

The face
of success.

Special
Olympics
Rhode Island

Through the power of sports, people with intellectual disabilities discover new strengths and abilities, skills and success. See the look of success on athlete, Charlie Kolb's face, who is very proud of the medals he has won through his participation in Special Olympics Rhode Island!

Our athletes inspire people in their communities and elsewhere to open their hearts to a wider world of human talents and potential. Please consider donating your old car to Special Olympics Rhode Island and help support year-round training and athletic competition for over 4,000 children and adults with intellectual disabilities in your community and across the state. Special Olympics Rhode Island has partnered with Car Donation Wizard, the #1 Car Donation Program in the country to help us process your car donation. Below are information links for Tax Questions or FAQs regarding the car donation program. There is also a link for an easy step-by-step online car donation form.
